- Hooi Min YEE borned in Sungai Petani, Kedah, Malaysia. She was awarded a Universiti Sains Malaysia Fellowship to study for doctorate degree in Structural Engineering in Universiti Sains Malaysia. She graduated with a Structural Engineering in 2011, Master of Science Engineering in 2007 and Bachelor of Engineering (Honours) Civil Engineering in 2006 from the Universiti Sains Malaysia, Pulau Pinang, Malaysia. During her PhD study, she worked as fellow at Universiti Sains Malaysia. After graduating, she worked as Assistant Professor at Faculty of Civil Engineering, Universiti Teknologi MARA, Pulau Pinang, Malaysia. Her research interest is Computational Mechanics, Computational Analysis of Shell and Spatial Structures, Nonlinear Analysis and Architectural Engineering.
- Ir. Dr. Yee is a Professional Engineer of Board of Engineers Malaysia, Institution of Engineers Malaysia, Construction Industry Development Board Malaysia and Concrete Society of Malaysia. Ir. Dr. Yee is a committee member in The Institution of Engineers, Malaysia (Penang Branch) and also as a member of evaluation panel of Engineering Accreditation Council. Ir. Dr. Yee has obtained 9 awards in Invention, Innovation and Research Design Platform and has published 49 up-to-date publications.
- Mohd Nasir Abdul HADI borned in Kuala Berang, Terengganu, Malaysia, graduated in Bachelor of Engineering (Honours) Civil Engineering in 2014 from the Universiti Teknologi MARA, Pulau Pinang, Malaysia. He is now further his master postgraduate study in the Universiti Teknologi MARA, Pulau Pinang, Malaysia. During his master study, he worked as research assistant at Universiti Teknologi MARA, Pulau Pinang, Malaysia.
