**Parinita Baruah**, BE, M.Tech., is currently the Assistant Professor at Scholar's Institute of Technology and Management, Guwahati, Assam, India. She graduated in civil engineering in the year of 2016 from Gauhati University, India and post-graduated in construction engineering in the year of 2018 from Assam Don Bosco University, India.

**Sudip Basack**, PhD, FIE, M.ASCE is a civil engineering professional with vast academic experience at responsible senior positions in India and abroad. He published more than 100 technical papers in reputed journals and conferences and is recipient of several research awards at national and international levels. He is an active reviewer of numerous top-class international journals. He has supervised more than 10 research students at postgraduate (Masters and PhD) levels and executed sponsored research projects in different Universities. He has undertaken several academic visits in many countries including USA, UK, Germany, Australia, New Zealand, Singapore, China, etc.

**Ghritartha Goswami**, BE, M.Tech. is a Professional civil and water resources engineer and currently an Assistant Professor at Scholar's Institute of Technology and Management, Guwahati, Assam, India. He graduated in civil engineering in the year of 2017 from Nagpur University, Maharashtra, India and post-graduated in water resources engineering in the year of 2019 from Assam Kaziranga University, Jorhat, Assam, India. He has participated in various renowned conferences and presented papers.
